BUILDER PROFILE:

Archistructure is recognized as a leader in high-end luxury homes. Brad Brown founded Archistructure in 1984.

Since that time, Archistructure has won national recognition with designs published in magazines such as "Professional Builder" and "Custom Home and Builder Magazine". In past year's Street of Dreams, Archistructure won several design awards. Archistructure was also selected to design and build the multi million dollar 2000 Symphony Show House located in Linden Estates as well as the 2014 Home of Distinction in Cheyenne Country Estates.

Archistructure prides itself with repeat customers. We get to know our clients and listen to how they want to live and create a truly custom home that offers personalized finishes, amenities and solutions. By simply including all phases and stages of the building process, our homeowners enjoy a higher level of peace of mind and satisfaction. We have spent the last 37 years building over 450 custom home "One Relationship at a Time"
